EDUCATION

Amrita School of Engineering

B. Tech

Oct - 2022 - Present, Tamil Nadu

Electrical and Computer Engineering – CGPA: 8.76/10.00

Academic Excellence Award 2022 – 24 - Ranked Top in the Electrical and Computer Engineering Branch

S R Educational Academy

Intermediate

June 2020 - July 2022, Andhra Pradesh

MPC – Grade: 9.75/10.00

Ravindra Bharathi E.M High School

SSC

April 2020, Andhra Pradesh

Grade: 9.85/10.00

PROJECTS

Electronic component Detection using ML and ESP-32 CAM

Python Language, Jupyter, Arduino IDE

Sep - Oct 2024, BTech

- Identifies components such as LCDs, capacitors, breadboards, LEDs, wires, ICs, batteries, and switches. In this project, there is a GUI which has four options, ESP32, Mobile Camera, Laptop Camera

Customer Information System using LPC2148

C Language, Keil uVision4

Aug - Nov 2024, BTech

- Developed a customer information system prototype using LPC2148 microcontroller with Bluetooth interfacing. The system features an LCD display capable of multilingual support in English, Hindi, and Tamil

Controlling Angular Velocity of a DC Motor Using PID Controller and Observer in Ultrasonic sensor

Case Study

Oct 2024, BTech

- This project focuses on controlling the angular velocity of a DC motor using a PID controller and an observer, incorporating feedback from an ultrasonic sensor.

Smart Vision Surveillance System

Python, Arduino

Aug 2024, BTech

- Designed and implemented a surveillance system using the ESP32-CAM module and Mobile using Arduino and Python.

Analysis of DC Generator and Motor using OOPS

Python

July 2023, BTech

- Developed a system to evaluate the efficiency and torque of a DC generator powered by a DC motor. The project analyzes energy

conversion and identifies the suitability of the motor-generator setup for various applications.

CERTIFICATIONS

- C Programming for Beginners
- SQL Foundations

OBJECTIVE

Pre-final year Electrical and Computer Engineering student at Amrita Vishwa Vidyapeetham with a passion for technology and problem-solving. Skilled in ARM architecture, Assembly language, and coding, and enjoy working in teams to create practical and innovative solutions. Looking for opportunities to learn, grow, and make a positive impact through my work.

SKILLS

Languages

C, Assembly Language, Python (Intermediate), SQL (Basic), MATLAB (Intermediate)

Microcontroller PIC16F877A, LPC2148, Arduino UNO

Office

Excel, PowerPoint, Word

Tools

Jupyter, Visual Studio Code, Keil uVision4, MPLAB IDE, Arduino IDE

Soft Skills

Adaptivity, Creativity, Quick Learning

LANGUAGES

- English (Full Professional Proficiency)
- Hindi (Bilingual Proficiency)
- Telugu (Native or Bilingual Proficiency)
- Tamil (Limited Working Proficiency)

INTERESTS

- Embedded Systems (ARM and PIC)
- Advanced Control Systems

HOBBIES

- Swimming and playing cricket, demonstrating a passion for teamwork.
Also interest in the stock market
