## SKILLS

- Proficient in Python, C++, HTML, Javascript, CSS, and Flask
- Programming
- Digital Marketing Techniques
- Patience and Empathy
- Problem-solving skills
- Creative Thinking
- Collaboration and Teamwork

## PERSONAL PROJECTS

- **Developed "Wing Run":** A C++ game demonstrating expertise in game development and animation.
- **Created a Weather Prediction Program:** Utilized Python to forecast weather patterns.
- **Conducted Research at Vaughn College:** Engaged in AI and 3D modeling research, collaborated with experts, and presented findings on AI's potential impacts.
- **Published Projects on GitHub:** Shared various applications and projects with the developer community.
- **Web Development:** Designed and developed dynamic, responsive websites using HTML, CSS, and JavaScript, ensuring a seamless user experience and visually appealing layouts.
- **voice recognition program:** Built a voice recognition system using Jupyter Notebook and Librosa to analyze audio recordings and determine gender with precision.

## EDUCATION

Expected in May, 2027

**Bachelor of Science in Computer And Information Sciences at City College of New York (CCNY)**

## PROFESSIONAL EXPERIENCE

### Python Tutor, Hillcrest Highschool

New York, NY | October 2020 - January 2023

- Mentored students in Python programming, guiding them through coding concepts and project development to test and enhance their skills.
- Organized and led engaging coding events, fostering a collaborative and innovative learning environment.
- Played a key role in making programming more accessible and enjoyable through interactive lessons and workshops.
- Empowered peers to build real-world applications by providing hands-on instruction and support.
- Led a Python programming workshops where I created and delivered lessons on basic Python programming to a group of 20 students, enhancing their coding skills and problem-solving abilities.

### Teach Assistant , Hillcrest Highschool

New York, NY | May 2021 - March 2023

- Provided homework assistance using specific curriculum and materials.
- Supported students with helpful study habits and exam strategies.
- Collaborated with students to complete homework assignments, identify lagging skills, and correct weaknesses.
- Motivated students towards learning and studying to build self-confidence and reduce fear of failure.
- Taught STEM subjects including Chemistry, Computer Science, Math, and U.S. History, fostering a deep understanding of complex topics among students.

### Assistant Librarian, Hillcrest Highschool

October 2022 - June 2023

- Created positive relationships with students from diverse backgrounds ensuring equal access to all resources.
- Supported community engagement through the facilitation of various library programs and events.
- Enhanced patron satisfaction by providing efficient, accurate, and friendly research assistance.
- Increased resource accessibility by cataloging and organizing library materials effectively.
- Raised public awareness of available resources through social media posts highlighting valuable collections or upcoming events.
- Collaborated with colleagues to design engaging displays that showcased new arrivals and promoted reading interests.
- Assisted in budget management by tracking expenditures on books, materials, and supplies within established guidelines.
